

NOVEMBER OF THE MONTH

Congratulations to our Evaluation and Workshop Team!

Linda Forsyth, Ann Rosenwasser, Mandy Bell, Alyce Blevins, Rich Schad, and Patty Standley go above and beyond for Pet Partners and Denver Pet Partners. They are our Evaluators and Workshop Instructors. They have given many hours of service, visited multi-clientele; they are committed to our core values through their service. They put in countless hours before and after each evaluation because they take pride in signing their name on your evaluation. They know you are just about to begin your journey in AAI.

When you ask six individuals why they want to volunteer, you will usually get several different answers. When you ask Linda, Ann, Alyce, Linda, Patty, Mandy and Rich why they want to be evaluators the answer is usually the same.

“It is very exciting to see the happiness and the energy of our teams. Every time I put on my evaluator hat, I am reminded of my first time. We want to make people feel comfortable and special.”

“We want more than anything for a team to come in the room and succeed. We will do what we can to make that happen. We will continuously remind you to breath and relax. Remember we have to re-evaluate also.”

The two most important individuals that keep everything moving smoothly work behind the scenes. They are **Ken McQuarrie** and **Sandy Langley**. *“They make everything so much easier on us. We really appreciate what they do for us.” We could not do workshops and evaluations without them.*

Our goal is to insure qualified teams are ready to begin their journey in AAI. *“When you all succeed so do we, but our hearts break with yours also.” “When we sign our names on your evaluation we are so proud to have you join our team and be apart of Denver Pet Partners”.*

So, next the time you re-evaluate know that they are excited to have you in their room. They will also do what it takes to have you be successful.
